Fazoli's Unveils New Interior with Vibrant Colors, Upbeat Styling

Extreme Makeover Includes New Service Style with Real Plates and Silverware

Fayetteville, NC. – Fazoli's, the popular quick service Italian chain and a *Parents* magazine top 10 pick for families, just completed an extreme makeover at 538 North McPherson Church Road, Fayetteville, NC on January 30, 2012. The remodeled look features bold colors and eye-catching graphics that create an inviting and fun atmosphere that differs dramatically from the traditional Italian look created when Fazoli's was first developed 20 years ago.

The transformation includes a new service style, which is rare among quick service restaurants.

Diners will now enjoy:

- Meals delivered to tables
- Real plates and silverware, rather than Styrofoam plates, and plastic utensils
- Unlimited breadsticks delivered tableside.

"Time-challenged lifestyles are making the family meal an endangered species," said Donald Rigsby, of RFD. "We want to be Fayetteville's home plate for family meals, whether the family dines in or uses our carry out."

"With this remodel, we made a substantial investment in this restaurant, in the community and in our associates," Rigsby added. "Table delivery of meals and fresh breadsticks, not to mention new kitchen procedures, required additional training. Major purchases, such as plates and silverware will reduce the restaurant's contribution to landfills, and the new décor makes everyone happy."

Fazoli's also has revamped its menu, which now features more fresh and flavorful items, but still at a great value. And for Catering needs, you can order online at www.fazolis.com.

An American family favorite for more than 20 years, Fazoli's is a leading, next generation QSR franchise opportunity. With an all new premium menu featuring freshly prepared Italian entrees, Submarinos® sandwiches and salads, along with a contemporary new restaurant design and fresh leadership, Fazoli's is well positioned for growth. Already America's largest Italian quick service chain with more than 220 restaurants, Fazoli's is expanding in select markets throughout the country. Founded in Lexington, Ky. in 1989, Sun Capital Partners acquired Fazoli's in 2006.

Be "Lean and Green" with eBill

PWC's new eBill option is quick, convenient, safe, and environmentally friendly. Sign up to receive your monthly bills by email, and you can simply click on your bill – sent as a secure "pdf" attachment – and make your payment online. (Or, you can print a copy and pay as you normally do.) There's no charge for online payments by check or bank draft. You don't have to "register," so there's no username or password to remember. And eBill can be accessed from most smart phones.

By not sending paper bills, PWC conserves ... a lot! Every 38,500 paper documents not sent saves 1 ton of paper, 2 tons of trees, 16,450 gallons of water, 1,941 tons of solid waste, and 5,058 pounds of greenhouse gases. (You'll save, too, if you choose not to print your bill.)

To sign up for eBill, or get more details, visit our website.
