Saturday, November 3, 2012

GEORGE TATUM
NC SENATE

George Tatum will work to ensure that we are prepared for the challenges of the 21st century by focusing on the following:

Economic Growth

- Support North Carolina companies bidding on state contracts, using our tax dollars to create jobs at home, not overseas
- Support tax credits to encourage companies to hire North Carolinians
- Create a relationship between small businesses and community colleges, ensuring that their curriculum focuses on the skills our businesses need
- Strategically locate state positions throughout our state

Educational excellence

- Restore funding to our Public Schools, Community Colleges and Universities
- Restore funding to value driven nonprofits providing educational programs to children, teenagers and women

Environmental Stewardship

- Protect our underground aquifers
- Impose necessary safeguards to protect our air and water quality

In closing we must put an end to bipartisan political bickering in Raleigh. George will work hard to build consensus and compromise in the North Carolina Senate.

George Tatum is a native of Cumberland County and grew up attending public schools. After graduating from Campbell University George received his law enforcement certificate from FTCC and served as a Lieutenant in the Sheriff's Office. George was elected as Register of Deeds and served for 20 years and was recognized throughout North Carolina as a leader in efficiency and technological advancement. He was appointed Commissioner of DMV making it his priority to implement safeguards which protect our identities, such as facial recognition and central issuance of drivers' licenses. George led Fayetteville State University's emergency preparedness program as their Emergency Management Director.
